# About Forest Troopers

Forest Troopers is a new programme where we merge our two popular programmes, Bilingual Playgroup & Tiny Troopers Playgroup, together!

A perfect programme for those who are preparing for Nursery 1, we offer a similar routine to our parent-accompanied programmes - Mini Troopers & Mandarin Troopers, focusing on their social and emotional independence.

Forest Troopers offer a balanced curriculum combining both Play-Based & Literacy programme conducted in both Mandarin & English. We conduct daily outdoor play & discovery to help them appreciate the wonders of nature and to enhance their cognitive development.

Using Science, Technology, Engineering, Arts & Mathematics (STEAM) method to further spark their curiosity and develop a deeper interest for learning!

This unique drop off programme provides your child with a more holistic childhood to develop them into well-rounded individuals.

- Aiting Chee, Founder / Creative Director
